/f/

Name: .....

# I Can Read Sentences

Sound /f/ spelled ff

Underline the ff in each sentence. Then read each sentence out loud. Colour a face each time you read the whole page.

|                                               |                                                                                       |
|-----------------------------------------------|---------------------------------------------------------------------------------------|
| <b>The <u>cl</u>ff is big.</b>                |    |
| <b>I <u>sn</u>iff the ham.</b>                |    |
| <b>A cat can <u>h</u>uff and <u>p</u>uff.</b> |  |
| <b>The <u>c</u>uff is on my mitt.</b>         |  |
| <b><u>P</u>uff up the bed.</b>                |  |

Read the page 3 times. Colour a face each time you read it.

**ff**

Quick facilitation notes &amp; answer key

**What this worksheet teaches**

Children read short, decodable sentences that practise the sound for ff. Every other word uses letter-sounds they already know, so they can read each sentence on their own. Reading the page three times builds fluency.

**How to lead it (about 15 minutes)**

1. Say the sound for ff together.
2. Read the first sentence together, pointing under each word.
3. Children underline ff in each sentence, then read each sentence on their own.
4. Children read the whole page three times and colour one face each time.

**Answer key**

Sentence 1: cliff.

Sentence 2: sniff.

Sentence 3: huff, puff.

Sentence 4: cuff.

Sentence 5: Puff.

Your turn / extension: any real word with ff.

**Ontario curriculum link (official wording)**

B2.3 — identify, read, and spell most common grapheme-phoneme correspondences of consonants and vowels, with automaticity.

In plain terms: children read and spell the everyday letter-sounds (and word parts) quickly.

B2.4 — use phonics knowledge and phonemic blending to read words, and phonemic segmentation to spell phonetically regular words, in isolation and various text contexts.

In plain terms: children blend sounds to read words and break words into sounds to spell.

**If children get stuck — and ways to adjust**

Watch for: sounding out ff part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
