Quick facilitation notes & answer key

What this worksheet teaches

Children learn that the letter o makes its sound. They form the letter, listen for the sound at the start of words, and read short words.

How to lead it (about 15 minutes)

1. Say the /o/ sound together; the keyword is octopus.
2. Model writing O and o; children trace and write.
3. Name each picture; children colour the ones that begin with the sound.
4. Read the bottom words together, blending the sounds.

Answer key

Pictures that start with /o/: octopus, ox, olive. (Not: sun, cat.)

Reading words: pot, top, dot, mop.

A2.2 — use proper formation patterns to write letters.

In plain terms: children form the letter the correct way.

A2.4 — identify simple grapheme-phoneme correspondences.

In plain terms: children match a letter to the sound it makes.

If children get stuck — and ways to adjust

Watch for: sounding out o part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
