# Adding -ed (already happened)

Add -ed to show something already happened. Build each word, then read the sentences.

## Build the word

jump + ed = \_\_\_\_\_

help + ed = \_\_\_\_\_

wish + ed = \_\_\_\_\_

pick + ed = \_\_\_\_\_

## Read the sentences

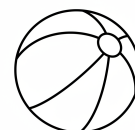

The frog jumped.

The dog jumped up.

I picked up the ball.

She wished for a gift.

The pup jumped high.

*Read the sentences 3 times. Colour a face each time.*

Quick facilitation notes &amp; answer key

## What this worksheet teaches

Children learn the word part ed and build new words from base words, then read them in decodable sentences.

## How to lead it (about 15 minutes)

1. Explain the word part / pattern: -ed.
2. Model the first one: jump + ed = jumped.
3. Children build the rest, then read each sentence.
4. Children read the page three times and colour a face each time.

## Answer key

Build: jumped, helped, wished, picked.

-ed can sound like /t/, /d/, or /id/.

Sentences: The frog jumped. The dog jumped up. I picked up the ball. She wished for a gift. The pup jumped high.

## Ontario curriculum link (official wording)

B2.3 — use developing knowledge of the meanings of words and morphemes (i.e., bases, prefixes, and suffixes) to read and spell words.

In plain terms: children read and spell the everyday letter-sounds (and word parts) quickly.

## If children get stuck — and ways to adjust

Watch for: sounding out ed part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
