Quick facilitation notes & answer key

What this worksheet teaches

Children learn the word part closed-closed and build new words from base words, then read them in decodable sentences.

How to lead it (about 15 minutes)

1. Explain the word part / pattern: syl.
2. Model the first one together: rab + bit = ?.
3. Children build the rest, then read each sentence.
4. Children read the page three times and colour a face each time.

Answer key

Build: rabbit, napkin, mitten, puppet.

Split a long word into beats to read it: rab-bit.

Sentences: The rabbit hops. Use a napkin. I lost a mitten.

B2.3 — use developing knowledge of the meanings of words and morphemes (i.e., bases, prefixes, and suffixes) to read and spell words.

In plain terms: children read and spell the everyday letter-sounds (and word parts) quickly.

If children get stuck — and ways to adjust

Watch for: sounding out closed-closed part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
