

Name:

Open Syllables

When a syllable ends in a vowel, the vowel is long: ro-bot. Join the beats, then read the sentences.

Build the word

ro + bot = _____

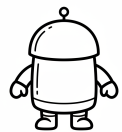

ti + ger = _____

mu + sic = _____

pa + per = _____

Read the sentences

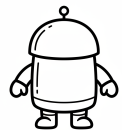

The robot can walk.

The tiger runs fast.

I like music.

Read the sentences 3 times. Colour a face each time.

open-syllable

Quick facilitation notes & answer key

What this worksheet teaches

Children learn the word part open-syllable and build new words from base words, then read them in decodable sentences.

How to lead it (about 15 minutes)

1. Explain the word part / pattern: syl.
2. Model the first one together: ro + bot = ?.
3. Children build the rest, then read each sentence.
4. Children read the page three times and colour a face each time.

Answer key

Build: robot, tiger, music, paper.

An open syllable ends in a vowel that says its long name: ro-bot.

Sentences: The robot can walk. The tiger runs fast. I like music.

Ontario curriculum link (official wording)

B2.3 — use developing knowledge of the meanings of words and morphemes (i.e., bases, prefixes, and suffixes) to read and spell words.

In plain terms: children read and spell the everyday letter-sounds (and word parts) quickly.

If children get stuck — and ways to adjust

Watch for: sounding out open-syllable part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
