The Letter Mm

Quick facilitation notes & answer key

What this worksheet teaches

Children learn that the letter m makes the sound /m/. They practise forming the letter, listening for /m/ at the start of words, and mapping the sounds in a short word. All reading words use only sounds taught so far (a, t, s, i, p, m).

How to lead it (about 15 minutes)

1. Say /m/ together (lips together, humming). The keyword is mouse: /m/ /m/ mouse.
2. Model writing M and m on the board, saying the strokes. Children trace, then write.
3. Name each picture together. Children colour only the ones that begin with /m/.
4. Read the bottom words together, blending each one: /m/ /a/ /p/ = map.

Answer key

Pictures that start with /m/: mouse, moon, milk, mug. (Not: sun, cat.)

Reading words: am, Sam, map, mat — all read by blending the sounds, e.g. /m/ /a/ /p/ = map.

A2.4 — identify simple grapheme-phoneme correspondences.

In plain terms: children match a letter to the sound it makes — here, m to /m/.

A2.2 — use proper formation patterns to write letters.

In plain terms: children form the letter the correct way.

If children get stuck — and ways to adjust

Watch for: confusing /m/ and /n/. Stretch the sound and point to closed lips for /m/.

Make it easier: do the picture sort out loud together before colouring.

Make it harder: ask the child to think of one more /m/ word and draw it.

You'll know it worked when: the child writes m correctly and hears /m/ at the start of new words.
