B2.3 — use developing knowledge of the meanings of words and morphemes (i.e., bases, prefixes, and suffixes) to read and spell words.

In plain terms: children read and spell the everyday letter-sounds (and word parts) quickly.

If children get stuck — and ways to adjust

Watch for: sounding out compound part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
