/z/

Name: .....

# I Can Read Sentences

Sound /z/

Underline the z in each sentence. Then read each sentence out loud. Colour a face each time you read the whole page.

|                                   |                                                                                       |
|-----------------------------------|---------------------------------------------------------------------------------------|
| <b>The <u>z</u>ebra ran fast.</b> |    |
| <b>Zip up the bag.</b>            |    |
| <b>A bug can zigzag.</b>          |  |
| <b>Zap! said the pig.</b>         |  |
| <b>The jet can buzz.</b>          |  |

Read the page 3 times. Colour a face each time you read it.

**Z**

Quick facilitation notes &amp; answer key

**What this worksheet teaches**

Children read short, decodable sentences that practise the sound for z. Every other word uses letter-sounds they already know, so they can read each sentence on their own. Reading the page three times builds fluency.

**How to lead it (about 15 minutes)**

1. Say the sound for z together.
2. Read the first sentence together, pointing under each word.
3. Children underline z in each sentence, then read each sentence on their own.
4. Children read the whole page three times and colour one face each time.

**Answer key**

Sentence 1: zebra.

Sentence 2: Zip.

Sentence 3: zigzag.

Sentence 4: Zap.

Sentence 5: buzz.

Your turn / extension: any real word with z.

**Ontario curriculum link (official wording)**

A2.4 — identify simple grapheme-phoneme correspondences.

In plain terms: children match a letter to the sound it makes.

A2.5 — read and spell simple words using phonemic awareness and phonics knowledge.

In plain terms: children read and spell simple words by blending the sounds.

**If children get stuck — and ways to adjust**

Watch for: sounding out z part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
