What this worksheet teaches

Children learn that the letter j makes its sound. They form the letter, listen for the sound at the start of words, and read short words.

How to lead it (about 15 minutes)

1. Say the /j/ sound together; the keyword is jam.
2. Model writing J and j; children trace and write.
3. Name each picture; children colour the ones that begin with the sound.
4. Read the bottom words together, blending the sounds.

Answer key

If children get stuck — and ways to adjust

Watch for: sounding out j part by part. Cover the rest of the word and say the target first.

Make it easier: do fewer items together first; you read, the child echoes.

Make it harder: ask the child to think of or write one more word with the target.

You'll know it worked when: the child reads the page smoothly and spots the target on sight.
