

Kindergarten Ontario Curriculum Patterns and Relationships

The Pattern Parade

Unit Overview: The Pattern Parade

Grade: Kindergarten | **Strand:** Patterns and Relationships

Target Expectations: A7.1, A7.2, A7.3, A7.4

Learning Goal: Children will identify, describe, extend, and create repeating patterns, recognize the core of a pattern, and represent the same core in different ways.

Lesson	Lesson Title	Learning Goal
Day 1	Welcome to the Parade!	I can spot a pattern and say what comes next.
Day 2	The Beat of the Parade	I can find the part of the pattern that repeats. We call it the core.
Day 3	Same Beat, Different Parade	I can show one pattern in three different ways.
Day 4	Fix the Broken Parade	I can find what is missing in a pattern and add what comes next.
Day 5	Lead Your Own Parade	I can plan a parade pattern, lead it, and explain the core to a friend.

Lesson 1: Welcome to the Parade!

Goal: A pattern is something that repeats in a special order.

Expectation: A7.1

Learning Goal: "I can spot a pattern and say what comes next."

Materials: M1_animal_cards, M2_parade_strip

1. Minds On (10 mins): Coco's Clap-Stomp Surprise

Today our classroom is hosting a parade — and we are the only ones who can help Coco the Conductor keep his animals in order!

Bring children to the carpet in a circle. Hold up the Coco puppet.

2. Action (20 mins): Build the Parade

- Whole group: lay one Parade Strip (M2) flat in front of the carpet.
- Show a second example with three animals: Bea, Finn, Bibi, Bea, Finn, Bibi, ?.
- Send children to partner spots.
- Circulate.

3. Consolidation (10 mins): Parade Share Circle

Discuss:

- Who would like to share a parade you and your partner built?
- What part of your parade keeps coming back?
- Does anyone see a pattern somewhere else in our classroom right now? (e.g.

Exit: As children leave the carpet, each child names one place they will look for a pattern at home tonight.

Lesson 2: The Beat of the Parade

Goal: Every pattern has a core — the part that repeats.

Expectation: A7.2

Learning Goal: "I can find the part of the pattern that repeats. We call it the core."

Materials: M1_animal_cards, M2_parade_strip, M5_core_loop

1. Minds On (10 mins): The Drum Discovery

Coco's parade has a beat — and once you hear the beat, the parade can go on forever.

Gather children on the carpet. Hold up the Coco puppet and the drum.

2. Action (20 mins): Lasso the Core

- Whole group: lay a Parade Strip (M2) flat.
- Show an ABC pattern: Bea-Finn-Bibi-Bea-Finn-Bibi.
- Trick example: lay out a strip with random animals (no repeating order).
- Send children to partner spots.
- Circulate.

3. Consolidation (10 mins): Why does the core matter?

Discuss:

- Why do we look for the core of a pattern?
- If you know the core, what can you do next?
- What's the difference between a parade with a core and just a line of animals?

Exit: Quick 'core or no core' sort: teacher claps three short sequences (one with a core, one without, one with).

Lesson 3: Same Beat, Different Parade

Goal: The same core can show up in many ways: colours, sounds, animals, movements.

Expectation: A7.3

Learning Goal: "I can show one pattern in three different ways."

Materials: M1_animal_cards, M2_parade_strip, M3_sound_movement_cards, M5_core_loop

1. Minds On (10 mins): Coco's Three Parade Surprise

Coco has shown me three different parades today, and I think they are secretly the same parade.

Bring children to the carpet. Lay all three pre-built strips in a line on the floor: animals, clap/stomp, tall/small.

2. Action (22 mins): Translate the Parade

- Whole group: see the expanded walkthrough below.
- Hand each pair a pre-built animal strip showing one core (assign by readiness — AB, ABB, or ABC).
- Circulate.
- Optional extension: pairs swap the core they were given for a different one and translate it into all three forms.

3. Consolidation (8 mins): Three-Parade Showcase

Discuss:

- Who would like to show their three parades to the class?
- When you watched [pair name]'s three parades, what stayed the same?
- Could we make this same core a FOURTH way?

Exit: Each child whispers to a partner: 'My core was ____, and I showed it three ways: with ____, ____, and ____.' Then tidy.

Lesson 4: Fix the Broken Parade

Goal: We can extend a pattern forward and backward, and we can fill in missing pieces.

Expectation: A7.4

Learning Goal: "I can find what is missing in a pattern and add what comes next."

Materials: M1_animal_cards, M2_parade_strip, M4_missing_card, M5_core_loop

1. Minds On (10 mins): Coco's Big Trouble

There was a windstorm last night, and now Coco's parade has GAPS! We need to figure out who's missing.

Bring children to the carpet. Hold up Coco. Have a parade strip pre-laid with a Missing Mystery Card in the middle: Bea — Finn — [M4 card] — Finn — Bea — Finn.

2. Action (22 mins): Fix-It and Stretch-It

- Phase 1 — Fix-It (10 min).
- Phase 2 — Stretch-It (10 min).
- Circulate between phases.

3. Consolidation (8 mins): Two-Direction Parade Share

Discuss:

- Who fixed a tricky missing animal?
- Who extended their parade BACKWARD?
- Why is finding the core important when something is missing?

Exit: Each child whispers to a partner: 'I fixed a parade where ___ was missing.' OR 'I extended my parade by adding ___ at the start.' Then tidy.

Lesson 5: Lead Your Own Parade

Goal: Pattern-makers plan a core, repeat it, extend it, and explain it.

Expectation: A7.1, A7.2, A7.3, A7.4

Learning Goal: "I can plan a parade pattern, lead it, and explain the core to a friend."

Materials: M1_animal_cards, M2_parade_strip,
M3_sound_movement_cards, M5_core_loop

1. Minds On (10 mins): The Pattern Conductor's Toolbox

Today is the big day. You have everything you need in your toolbox — and YOU are the conductor.

Bring children to the carpet. Stand by the anchor chart, which now has all four words: PATTERN, CORE, MISSING, EXTEND. Hold up Coco.

2. Action (33 mins): Plan, Build, Translate, Lead

- Phase 1 — Plan (5 min).
- Phase 2 — Build (10 min).
- Phase 3 — Translate (5 min).
- Phase 4 — Lead (5 min).
- Phase 5 — REVISE & REFLECT (8 min).

3. Consolidation (5 mins): Junior Pattern Conductor Ceremony

Discuss:

- What was your favourite part of being the Pattern Conductor today?
- What was the trickiest part?
- Who would you like to thank for helping you learn about patterns this week?

Exit: Gather on the carpet.

Name: _____

Date: _____

Coco's First Parade

Learning Goal: I can spot a pattern and say what comes next.

Mission

1. Bea and Finn are leading the parade.
2. Two animals are missing from this parade.
3. Now you are the parade builder! Pick two animals.

Name: _____

Date: _____

Find the Beat

Learning Goal: I can find the part of the pattern that repeats. We call it the core.

Instructions for the Student:

1. Each parade has a core that repeats.
2. The core is already shown for you in the box.
3. Build your own parade.

Name: _____

Date: _____

Same Beat, Three Ways

Learning Goal: I can show one pattern in three different ways.

Instructions for the Student:

1. Look at the Animal Parade.
2. Are these three parades the same pattern? Circle YES or NO for each.
3. Pick a core.

Name: _____

Date: _____

Help Coco Fix It!

Learning Goal: I can find what is missing in a pattern and add what comes next.

Mission

1. There are gaps in Coco's parades!
2. This parade has four animals in the middle.
3. Build your own parade with TWO missing animals.

Name: _____

Date: _____

Lead Your Own Parade

Learning Goal: I can plan a parade pattern, lead it, and explain the core to a friend.

Instructions for the Student:

1. Plan your core.
2. Build your parade.
3. Show your SAME core a different way.

My Core

Parade Animal Cards

(M1_animal_cards)

Reusable physical cards used by pairs to build, manipulate, read, and translate parade patterns.

PRINT SPECS

Size: letter portrait

Colour: bw

Pages per set: 2

Laminate: yes

USE IN CLASS

Quantity: 1 set (16 cards) per pair

Lessons: 1, 2, 3, 4, 5

Prep: ~20 min

TEACHER PREP

1. Print both pages (one set per pair — for a class of 20 print 10 sets = 20 pages).

2. Optional but strongly recommended: laminate before cutting, so the cards survive K hands across multiple...

3. Cut along the thin solid lines into 16 individual 3in × 3in cards per set.

4. Store each set in a labelled zip-top bag or envelope ('Parade Animal Cards — Pair 1', etc.).

5. Optional colour suggestion: if you have a colour printer and the budget for it, you may colour-print so each...

Blank Parade Strip

(M2_parade_strip)

A printable strip with 5 cells that pairs use to lay out animal cards, build patterns, and visualize the parade route.

PRINT SPECS

Size: letter landscape

Colour: bw

Pages per set: 1

Laminate: yes

USE IN CLASS

Quantity: 1 strip per pair plus 2 spare for the teacher's whole-g

Lessons: 1, 2, 3, 4, 5

Prep: ~15 min

TEACHER PREP

1. Print enough pages to yield ~12 strips (one per pair plus 2 spare = 6 pages, since each page produces 2...

2. Laminate the pages — this lets pairs use dry-erase markers if they want to draw on the strips later, and...

3. Cut along the horizontal cut line between the two strips on each page.

4. Distribute one strip per pair; keep 2 extras at the teacher table for whole-group demonstrations.

Sound and Movement Cards

(M3_sound_movement_cards)

An 8-card set used by the class and by pairs to translate visual patterns into auditory and kinesthetic patterns.

PRINT SPECS

Size: letter portrait

Colour: bw

Pages per set: 1

Laminate: yes

USE IN CLASS

Quantity: 1 class set

Lessons: 3, 5

Prep: ~10 min

TEACHER PREP

1. Print 1 page (the teacher only needs one class set; not one per pair).

2. Laminate the page for durability.

3. Cut along the cut-lines into 8 individual cards.

4. Store the set in a labelled envelope.

5. Optional colour suggestion: B&W works well; print in colour only if you specifically want extra visual...

Missing Mystery Card

(M4_missing_card)

A small card showing a question mark inside a dotted outline.

PRINT SPECS

Size: letter portrait

Colour: bw

Pages per set: 1

Laminate: yes

USE IN CLASS

Quantity: 5 cards per pair

Lessons: 4, 5

Prep: ~12 min

TEACHER PREP

1. Print 1 page (12 cards is enough for a class of 20 — 5 cards per pair × 10 pairs = 50, so print 4–5 pages).

2. Laminate before cutting.

3. Cut along the cut-lines into individual 2in × 2in cards.

4. Distribute 5 cards per pair before Lesson 4.

Core Loop Frame

(M5_core_loop)

A reusable physical frame that students place over the repeating part of a parade strip to mark and isolate the core.

PRINT SPECS

Size: letter portrait

Colour: bw

Pages per set: 1

Laminate: yes

USE IN CLASS

Quantity: 1 frame per pair plus 2 spares

Lessons: 2, 3, 4, 5

Prep: ~15 min

TEACHER PREP

1. Print on cardstock if available — durability matters because pairs handle these repeatedly.

2. Alternative: print on regular paper and laminate.

3. Cut around the outside of each oval to produce 4 frames per page (3 pages = 12 frames for a class of 20 = ~1...

4. Distribute one frame per pair before Lesson 2.

Coco the Conductor Puppet

(char_coco_puppet)

A printable Coco illustration that the teacher mounts on a popsicle stick to use as a recurring class character throughout all 5 lessons.

PRINT SPECS

Size: letter portrait

Colour: bw

Pages per set: 1

Laminate: yes

USE IN CLASS

Quantity: 1 puppet for the teacher

Lessons: 1, 2, 3, 4, 5

Prep: ~10 min

TEACHER PREP

1. Print 1 page on cardstock if possible (or regular paper + laminate for durability).

2. Cut around the outside of Coco's silhouette including the bottom tab.

3. Glue or tape a popsicle stick or tongue depressor behind the bottom tab so Coco can be held up like a puppet.

4. Optional: laminate before cutting for years of reuse.

5. Store flat in a folder so the puppet doesn't crease.

...

Anchor Chart Word Cards

(M6_anchor_chart_words)

A printable set of four word cards (PATTERN, CORE, MISSING, EXTEND) with child-voice definitions and small visual cues.

PRINT SPECS

Size: letter portrait
Colour: bw
Pages per set: 1
Laminate: yes

USE IN CLASS

Quantity: 1 set per class
Lessons: 1, 2, 4
Prep: ~10 min

TEACHER PREP

1. Print 1 page (1 set per class is enough — these go on the wall, not in pair bags).
2. Laminate the page for durability before cutting; this set will last for next year's class too.
3. Cut along the cut-lines into 4 individual word cards.
4. On Day 1, after introducing 'pattern', tape the PATTERN card to your anchor chart paper.
5. On Day 2, after introducing 'core', tape the CORE card below PATTERN.

...

Summative Assessment Rubric

Expectation	Level 1 (Beginning)	Level 2 (Developing)	Level 3 (Achieving)	Level 4 (Exceeding)
A7.1 Identify, describe, extend, create patterns	Names what's next only with prompts.	Predicts most of the time. Creates AB with help.	Confidently predicts and creates an AB pattern.	Creates 3-element cores; spots patterns in environment.
A7.2 Identify the core; explain why it matters	Cannot consistently isolate the core.	Identifies AB cores with adult support.	Identifies AB, ABB, ABC cores; explains repetition.	Articulates why the core matters; predicts beyond.
A7.3 Show same core in different ways	Treats different reps as different patterns.	Produces a 2nd version with help; structure may drift.	Translates one core into 2 different representations.	Translates into 3+ reps; articulates core vs surface.
A7.4 Extend in both directions; find missing	Cannot fill missing elements.	Fills missing at the end; struggles with start.	Fills missing anywhere; extends forward correctly.	Extends both directions; explains what came before.

Junior Pattern Conductor Certificate

This certificate is proudly presented to:

For successfully completing the 5-Day Pattern Parade unit and demonstrating the skills of a Pattern Conductor. A pattern parade certificate. Coco the Conductor congratulates the student.

By completing this unit, this student has demonstrated:

- Spotting and creating repeating patterns
- Finding the core — the part of the pattern that repeats
 - Showing one core in many different ways (animals, sounds, and bodies)
 - Fixing missing animals and extending parades in both directions

Marketplace Listing

A 5-day Ontario Kindergarten unit on Patterns and Relationships (A7.1–A7.4), framed as a parade led by Coco the Conductor and four Canadian animals.

Price: \$9.99 CAD

Pages: ~35

Classroom time: 200 min

Teacher prep: ~90 min

Top tags: patterns, kindergarten, Ontario, Ontario curriculum, math, mathematics, patterns and relationships, AB pattern

What's included:

- 5 fully-scripted lesson plans (40 minutes each, ~200 minutes total of teaching time)
 - 5 student worksheets aligned to each lesson, with name/date fields and child-voice learning goals
 - 1 mid-unit formative assessment ('The Same Core Check') administered between Lesson 3 and Lesson 4
 - 1 end-of-unit reflection sheet with 5 prompts for student self-assessment
 - 7 printable teacher manipulatives: parade animal cards, parade strips, sound-and-movement cards, missing mystery cards, core loop frames, anchor chart word...
 - 4 class observation trackers: 1 diagnostic (Lesson 1) plus 3 formative (Lessons 2, 3, 4)
 - 1 four-level summative rubric covering all four expectations (A7.1–A7.4)
 - 1 summative administration guide tying the worksheet, lesson, and rubric together for the teacher
 - Junior Pattern Conductor certificate (one per child) for the closing ceremony
 - Detailed expanded walkthrough for the keystone lesson (Lesson 3 — Same Beat, Different Parade), including expected student misconceptions and teacher recovery...
 - Differentiation tracks built into every lesson: emerging learners, extending learners, ELL/IEP, and movement-first learners
